

## Billionaire God of War Chapter 11 To 15

---

### Chapter 11 Where is Sacred!

Daniel?

A big man like Daniel, claiming to be Daniel?

What a joke!

Stuart only felt that he had a tinnitus, and he must have heard it wrong!

Several executives, with the cynthiae face stiffened, couldn't believe what they heard. They looked at each other and seemed to be asking, did I hallucinate?

But everyone's expression is the cynthiae, is everyone hallucinating?

"Dad..."

Oliver's throat slipped and his lips moved. "What did Daniel call his name?"

"Little Daniel!"

Stuart blurted out and immediately shut up.

If Daniel heard him shouting like this, I'm afraid he would kill himself!

He wanted to follow up, but Daniel had closed the door.

boom!

The outsiders held their breath one by one, and the atmosphere dared not breathe.

With a little yellow, people on the entire floor seemed to be frozen instantly!

What exactly is going on?

Doesn't it mean that Emma really won the project because of beauty, but Daniel's respectful attitude, wherever he wants to meet his lover, is more respectful than seeing her mother.

A group of people roared their heads, but they couldn't react for a long time.

And in the office.

Emma really got up and walked quickly: "Mr. Daniel, why did you come here in person?"

She really didn't know that Stuart didn't even tell her.

At this moment, this stupid girl hasn't reacted yet. Stuart wants to let her out.

Seeing Emma's embarrassed look, Daniel was frightened.

"Oh, hello, Miss Emma, don't be so polite, don't be so polite!"

Daniel hurriedly said, "I came to see you, this should be!"

He didn't know Emma's true identity before, and his attitude is still a little bit Arrogant, he even moved some crooked thoughts, but now, he would not dare to give him ten thousand guts.

www.onlinefreenovels.com

Seeing Daniel's respectful appearance, Emma was really surprised, not knowing what happened.

She turned her head subconsciously to look at Andrew, wouldn't it be related to this guy again?

She turned her head and Daniel turned her head. When she saw a man sitting on the sofa, she couldn't help but move her heart. Who is this man?

"I am her husband."

Andrew introduced himself directly, even if he didn't speak.

Daniel groaned.

Big Brother's big brother's woman, even has a husband?

What's happening here.

But this is not something he can manage. The order he got was to complete the contract and help Emma.

"Miss Emma, I came here today to sign a contract. If you have any details that you want to change, just tell me, I will do it one by one!"

Even if all the profits were taken away, Daniel did not frown. Will wrinkle.

"Thank you President Daniel for your support. Since you have already negotiated, then you should say yes as before."

Emma said with joy.

Although she didn't know what happened, she was happier than anyone else when she successfully won the project.

"I almost forgot, the contract is still in the legal department, I will get it immediately."

Emma nodded to Daniel to wait a moment, then walked out of the office.

"Miss Emma?"

www.onlinefreenovels.com

Daniel couldn't help but say, "Do you know Brother Fei?"

Emma was stunned, Brother Fei? Who?

She shook her head: "I don't know."

Daniel snorted and smiled: "It's okay, then I'll wait for you to get the contract in the office."

Emma opened the door quickly, and a group of people outside were anxious. Waiting, the expression on his face is different.

Seeing Emma really open the door, Stuart's expression was stagnant, so the talk was over so quickly?

"President, what about the project contract? President Daniel agreed to sign."

Emma asked.

“Contract, Manager Dominic, the contract is coming quickly.” Stuart stunned and immediately turned to shout.

He was still ignorant.

The minister of the legal department immediately went to get the contract.

“Emma, are you talking to President Daniel?” Stuart couldn’t help but ask, “What is the relationship?” With

that little fail, Stuart is still numb.

Emma couldn’t help frowning when she saw everyone’s eyes. She didn’t like others looking at her like this.

She did not speak, and Stuart was not good to ask again.

In the office, Andrew was still sitting there, looking lazy.

Daniel nodded and gestured, then sat on the other side.

Anyway, this is Emma’s true husband, he still has to be polite.

“Jackson, this kid, has always been Carter Fei.”

Suddenly, Andrew said, Daniel seemed to sit on the nail like an ass, and stood up instantly.

The whole person has become stiff!

hooligan!

Of course he knows the name of Carter, but he dare to call him directly, he has never seen it!

In front of this guy, I heard that Emma really came to her husband. He even knew the name of Carter, and he dared to call him directly!

“You... do you know Brother Fei?” After asking this question, Daniel felt stupid.

His brain shuddered and reacted in an instant. What was this Andrew in front of him?

Brother Fei!

He is Emma’s husband, so he will take care of Emma, otherwise, a woman, so as to let Carter call himself?

Daniel’s face was pale immediately, and he couldn’t help trembling!

“Big...”

He didn’t know what to call Andrew, his elder brother?

“You know my identity, you don’t need to be exposed.”

Andrew said lightly. “Jackson told me that you are familiar with the South Estopia. In the South Estopia, you will find you.”

Daniel immediately stood up as if he heard it. A benchmark.

“Yes! At any time to wait for the dispatch!”

Shit, big brother’s big brother!

A flying brother, he has been shocked to be a man of heaven, and can make him one of the big brothers in Fingol City in just five years. The big brother of that big brother... he couldn’t even imagine it.

Where is this sacred!

“My wife is a kind person who is bullied by people. Some people want to bully her. Those dogs that don’t have long eyes, do you know what to do?”

“Big brother, don’t worry, this small role doesn’t need to be used. Big Brother shot, Daniel handled it for you.” Daniel

Yuming hesitated for a moment and still called Big Brother, but he had to say something to Carter, otherwise Carter would misunderstand what to do.

Crunch-the

office door opened.

Andrew is again a lazy look, Daniel still stands in front of him, bowing slightly, respectfully.

“Mr. Daniel, the contract is here.”

Emma was a little surprised to see this scene. Why did Mr. Daniel seem a little afraid of Andrew.

Daniel immediately recovered and smiled and said, “Miss Emma, I met Mr. Andrew as soon as I saw it, and I talked for a while.”

After that, he immediately stepped forward and accepted the contract in Emma’s hands, without looking at it. Sign the name directly.

“This project requires a lot of effort from Miss Emma. If there is anything I need to do, please call me at any time.”

www.onlinefreenovels.com

Daniel said.

After he finished speaking, he nodded and greeted Andrew, and then retreated, but Andrew’s eyelids were not lifted.

Daniel came out of Emma’s office and let out a long breath. He felt relieved. This expression did not escape Stuart’s eyes.

“Mr. Daniel...” Stuart said.

“Mr. Stuart, the project has been signed. I have to make it clear to you that this project must be under the responsibility of Miss Emma, otherwise, I will terminate the

contract at any time!” Daniel regained his domineering and madness. “Also!”

He looked to just open the door for him At that time, the senior executives who were ridiculed and scorned to Emma: “Matthew’s kind of things that don’t have long eyes, don’t keep them well!”

## Chapter 12 is sick again!

Daniel’s temper is notoriously hot. He can get to this position within five years, but he is not soft-hearted!

He snorted, then stopped talking and turned away.

The executive was stunned, blushing, and at a loss.

He just mocked Emma for just a few words. Isn’t Daniel so angry?

“Mr. Stuart...”

He was full of grievances and looked at Stuart.

“Let me put the resignation report on my desk tomorrow.”

Stuart felt a little helpless in his heart. This is his man. Why did Daniel say he should be fired?

www.onlinefreenovels.com

But now that the project has just landed, there are too many unknown factors, and he dare not make Daniel angry.

Hearing that, the executive suddenly felt ashamed.

The people around are even more chilling!

Just ridiculed Emma for a few words and was fired directly?

This is an executive of the Matthew Group!

It seems that Daniel is really angry for Emma, but the question is, what is their relationship?

“What are you doing here? Haven’t you done any work!”

Oliver shouted, and the employees dispersed immediately.

He walked to Stuart and frowned: "Dad, what does Emma really have to do with this Daniel?"

Certainly not their guessed lover relationship. Looking at Daniel's attitude, he is completely respectful of Emma and even a little afraid.

How is this possible?

Who is Daniel?

In Fingol City, the circles on the ground and the circles on the ground are people who call for wind and rain!

Even the Matthew Family had to be politely three in front of him.

A Emma, where is qualified to make Daniel so polite?

"Check!"

Stuart said with a cold face.

Suddenly this kind of thing completely disrupted his plan.

If Emma really has Daniel this relationship, then he really dare not easily move Emma.

"Yes!"

Oliver immediately left.

In the office.

Emma really reacted.

She walked to Andrew, her hands behind her back, and looked at Andrew as if looking at the mouse.

"This in the end how it was."

Emma really wrinkled his nose, "you do not say it's okay with you, I do not believe."

Andrew opened his half-closed eyes, lightly: "I admit that, about me"

is really the case !

Emma said, why Andrew has repeatedly confirmed that this project can only be signed by himself, and no one from the Matthew Family can go.

Even more so, Stuart and his son must bow their heads, begging to come back to work.

This is clearly arranged by him.

But... he is just a tramp, how could he know Daniel?

Thinking of just entering the door, Daniel stood in front of Andrew, that respectful appearance...

"I know Daniel."

Seeing Emma staring at himself, and waiting for his explanation, Andrew smiled, "Before he was developed, he was also a tramp. The next time he was starving, I gave him half a bun, so he owed me a favor."

Today, he came to pay the favor.

Emma snorted.

"Do you think I will believe it?"

She bit her lip, which was incredible. Andrew's explanation was to treat herself as a child.

"Do you believe that good people have good rewards?"

Andrew said seriously.

Emma thought for a moment and said, "You mean, you are a good person?"

"No, you are a good person."

Andrew got up, "so there will be good news."

Andrew would never forget that sugar in his life.

He was in danger many times and faced death. All the candy paper he carried with him gave him hope and strength.

“Okay, don’t think about it so much, things are settled.”

Andrew said, “Come on, get off work.”

“Ah? We didn’t have long time to go to work.”

Andrew ignored her and pulled her out of the office.

Leaving the office building of the Matthew Group all the way, all the people I met on the road gave way to each other and did not dare to approach.

Emma could clearly feel that they seemed a little afraid of themselves.

Andrew doesn’t care.

Riding an electric car, he took Emma directly towards the 4S shop.

“The way home, isn’t this one, do you want to sell me?”

Emma’s voice was blown away by the wind after the electric car.

You should be able to sell a lot of money in your own way.

Andrew ignored her and parked the electric car directly in front of the BMW 4S shop.

“What are you doing here?”

Emma really looked at the blue sky and white cloud sign and couldn’t help but wonder, “We don’t buy a car.”

Where can she buy a car?

“Who said not to buy.”

Andrew took her directly into the store.

As soon as he entered the store, Emma saw several new cars in the exhibition hall and was immediately attracted.

It looks great!

She didn't expect to buy a car, so it wouldn't be so uncomfortable to go to work in cold weather, but she didn't look at Chery QQ or Jetta. With these two cars, she was afraid that she couldn't afford it.

Now Andrew takes her directly to the BMW shop, she dare not touch it!

Several salesmen at the service desk saw the Andrew duo coming in from afar, and looked up and down, but they did not move.

"Miss, do you buy a car?"

A new saleswoman saw a customer came in and no one was there, so she got up and asked.

Several other sales secretly laughed that the newcomer had no eyesight and shook his head gently, leaving no trace of scorn on his face.

They are all elites, and Emma's real expression knows that this is a person with no money.

The rich have enough confidence.

So they didn't bother to come and ask, except for the newcomers, who still has this kind of enthusiasm, wasting time on these people who just can't buy.

"Of course."

Emma really blushed and didn't know how to answer. Andrew said directly, "Don't buy a car, what are you doing here?" As

he said, he looked at Emma: "Which one do you like?"

"Ah?"

Emma really looked at Andrew, thinking of this guy, wouldn't he be guilty of neurosis?

What do you like?

She likes everything but she can't afford it.

"Andrew, let's go back."

Emma blushed a little, especially the laughter of several sales in the distance, which made her a little bit self-confident.

"You tell me, the one that suits her."

Andrew asked Matthew's sales regardless of Emma.

"This five-series is the latest model of this year, and the power configuration can meet the needs of this lady, and I feel that the temperament of the lady is very suitable for this car." The

female sales is obviously a newcomer, and there are not many sales. Cliché.

Andrew turned his head and looked at Emma. When she saw her, she landed on the car and nodded directly.

"Then it is."

"Ah?"

This time, Emma sent it out with the female salesperson.

Several other sales in the distance couldn't help but turn around, what happened?

It's less than five minutes into the store, so I'm going to buy it? It must be a joke.

How about the price anyway? Anyway, say a test drive? To dress in front of a woman, you must also consider the consequences.

"Sir, because this car is a new model, there is no discount at this store." The female sales reminded in good faith.

"It doesn't matter anymore."

Andrew pulled out a bank card from his pocket. "Passwords are six or six. You have to deal with everything on the card. The cost is calculated together." The

female salesman took a while to recover and quickly took the bank card with both hands. And ran excitedly to open the bill.

"Andrew, don't be fooling. This car is expensive. Where do you have money?"

Emma was really anxious.

He is a tramp, and it would be good to live to this day. Where can I buy such an expensive car?

This car has all landed. Is it almost half a million?

This guy must have been sick again, either hitting people or going crazy, he has hallucinations!

Emma quickly chased towards the female sales, fearing that the balance was insufficient when swiping the card, it would be really embarrassing!

## Chapter 13 I bought *Online FREE Novels*

Emma ran to the finance room, and the voice of the POS machine has been heard!

"Miss, the total price is 487 thousand. I will help you to apply for it, and send you stickers and gas cards." The

female sales are very excited.

Selling a BMW car can cost a lot of money.

With both hands, she handed Emma the invoice and bank card, and her voice was a little trembling: "This is your card and invoice. I will apply for a temporary license for you first. I will arrange the car for you to register for these days."

Emma was ignorant Too.

She didn't expect this female sales to act so fast, even more so, Andrew's Cary actually had so much money!

Almost half a million!

Just brush it?

She worked hard for two years before she made less than 50,000 deposits, Andrew... he is a homeless man, where did he get so much money.

Emma walked to Andrew and looked at Andrew like a monster.

She still couldn't believe that this car had already been bought by them.

Not only her, but a few sales in the distance, her intestines were regretted. They obviously saw Andrew walk in first, but did not go to the reception to pick up a cheap price for the newcomer.

"He really bought it?"

a salesman couldn't help asking the newcomer.

"Buy! It's too trenchy!" The female sales couldn't help but be excited. "I saw the logo of that card online. A special customized card with a minimum storage requirement!"

Is it 100 million or one billion?

www.onlinefreenovels.com

A few sales even slipped the throat knot, secretly gave myself a slap in the face, a big loss!

The female salesman ignored them. This single commission was enough for her to be happy for half a year. She immediately went to apply for delivery and temporary license.

Over there, Emma really grumbled, she could not understand Andrew more and more.

"How many things do you hide from me?"

"Not many, I will tell you later."

Andrew shrugged his shoulders and bought a few hundred thousand cars. Emma really had such an expression.

"Sit up and feel it."

He pulled the door open and let Emma get in the car.

Sitting in the soft seat, Emma still felt like he was in a dream, which was too unreal.

“Sir, temporary license for a good, these two days I’ll help you apply for a full license, to come to the store on the line when there is any need, feel free to call me.”

Saleswoman hunched, graciously put the business card To a prominent position on the car.

“Can you drive away?”

Andrew asked.

“

Okay .” “What about my electric car?” Emma suddenly thought of the electric car that accompanied him for two years.

“No.”

Andrew was too lazy to talk nonsense, took the driver’s seat, and directly started to leave.

Watching Andrew and her two leave, the saleswoman’s face was still slightly blushing. She was the first person to see such a rich man.

Buying a BMW is just like buying food!

In particular, Andrew’s calm and casual appearance has a magical uncle charm, which is awesome.

Several other sales, regretted regret, but there is no way, just blame themselves blind, what eyesight price, they have a fart!

Andrew drove, Emma was sitting in the co-pilot. She couldn’t help reaching out to touch the leather interior, looking at the gorgeous dashboard, thinking about how to explain to her parents this time.

Go out and ride an electric car, why change to BMW when you come back?

“Andrew, you are not an ordinary person, are you right?”

Emma really no matter how simple it is, he knows how an ordinary person can spend half a million to buy a car.

“How can you have money?”

“Why are you so rich, why should you still participate in the election of the Matthew Family and be ridiculed?”

She was just one hundred thousand.

“Have you heard of the beggars? Our beggars are still very rich.” Andrew casually said.

Emma’s expression was stunned for a moment, and Andrew was laughing at her.

“Seriously speaking!”

“The doctor said that my stomach is bad and I can only eat soft rice, so I will find you.”

Andrew laughed.

Emma really didn’t ask, she knew this guy wouldn’t tell the truth, but in just two days, Andrew shocked her, one was bigger than the other.

She couldn’t believe it. Andrew was a homeless man. In order to eat soft meals, she became her home husband.

But why should he practice himself like this?

Lilburg.

Emma’s family lived here for ten years. After the car accident and disability from Logan, they moved here.

At this moment, cynthia was pushing a wheelchair to accompany Logan in the sun.

Both people seemed to have thoughts and did not speak.

“cynthia, come out to bask again.” In the

distance, the neighbor's aunt greeted, "I heard that Emma is married, and the son-in-law lives in your house now?"

This tone sounded a little uncomfortable.

cynthia squeezed a smile and didn't want to answer.

It's not a glorious thing to have an extra son-in-law, but in just two days, the entire community knew.

What a shame!

"Go back." Logan sighed.

"Just go back? It's not time to cook, don't bask in the sun," the neighbor's aunt turned around, but walked over. "You said you, such a happy event, the candy is not sent to the neighbors. Taste it."

"What does your son-in-law look like? The conditions are sure to be rich!"

This Logan family, anyway, is the Matthew Family. Even if he is not as good as his elder brother, he will never go anywhere.

cynthia's face became more and more ugly: "Does it have anything to do with you?" The

neighbor's aunt immediately frowned as she heard it.

"Why are you still angry? Didn't you just find a son-in-law at your door and you can't even ask?"

Of course she asked knowingly.

The Matthew Family is such a big thing, who doesn't know now in the community?

Emma is such a good-looking girl, but she found a door-in-law, and I heard that she seems to be an unemployed wanderer, ten years older than Emma!

What kind of vision does the Matthew Family pick such a son-in-law?

"You..."

cynthia was anxious and flushed.

“It’s not that I said you guys, as parents, aren’t good guards, is the boy I introduced to Emma last time not good?”

“People work in the government office from 9 to 5 and work stably. I kindly introduce you Don’t you, let me be scolded by others now, do you regret it now?”

She was deliberately sarcasm for this matter.

cynthia trembles with anger and turns to leave, not wanting to ignore this annoying neighbor.

“You guys, drive away the son-in-law at home earlier, and I will introduce one more to you?” The

neighboring aunt chased her with a smug smile on her face.

“Deep—“

Suddenly, a brand-new BMW car drove into the door of the community and parked directly in front of the neighbor’s aunt. She was barely blinded by her pearly white paint in the sunlight.

www.onlinefreenovels.com

Before waiting for her reaction, Emma and Andrew got out of the car.

“Mom.”

Emma really shouted.

The neighbor’s aunt suddenly froze.

“This, your car?”

She couldn’t believe it.

She has seen this car, the relatives get married, and this is the marriage. I heard about half a million! She did not forget the look of her relatives at that time!

Emma took a look at Andrew and didn’t know how to answer it at the moment. The car was bought by Andrew, not hers.

“I bought it for her.”

Andrew spoke directly.

The neighbor’s aunt was even paler. Did Andrew buy it? How could he have so much money as a man who came as a son-in-law at home!

“It was bought by Andrew. He said that I rode to work in the morning, and the wind was blowing cold.”

Emma was blushing, embarrassed.

Suddenly, the neighbor’s aunt couldn’t help raising a jealousy, just because it was cold to go to work in the morning?

Then you don’t have to buy a luxury car with hundreds of thousands of dollars!

## Chapter 14 Human Relationship

“Auntie, what are you talking to my mother?”

Andrew asked.

The neighbor’s aunt blushed and waved her hands again and again: “It’s nothing, nothing.”

After that, she ran away sullenly. She had wanted to criticize the Cynthia family, who asked them to refuse the boy they introduced and hurt themselves. But where do you dare now?

The boy who was in a miserable work in the Yamen had a salary of four or five thousand a month. I am afraid that he will not be able to drive such an expensive car in this life!

Cynthia stood there, already stunned. Logan also opened his mouth, unable to speak for a long time.

They really can’t believe it.

“This car...”

cynthia took a deep breath, she thought Emma was really kidding.

She didn't think Andrew could afford it, and she also knew that Emma couldn't afford it.

"What about your electric car?"

Logan found out that Emma's electric car was gone, and quickly asked, but it was bought for more than two thousand dollars.

"The 4S shop is doing activities. We traded the old ones for new ones, and we changed them."

Emma really blushed, she really couldn't lie, but Andrew's expression was natural, and she answered directly.

She almost didn't fall.

Whose store can be replaced with an old one and can replace an electric car with a BMW?

Logan didn't believe it, neither did cynthia. They were not fools.

"In fact, there is a lottery..." Emma thought, how to make it more real? But she really can't lie.

"Andrew bought it!"

She exhaled, still speaking the truth easily.

cynthia looked at Andrew suspiciously, and there was some trust in his face.

This son-in-law came into her house from the first day and surprised her.

Not to say that Zhengyi took the lead to protect herself, she slapped Oliver, and even protected their family from beginning to end. Although she did not accept Andrew, her heart was always fleshy.

"Okay, don't need to explain to us."

cynthia didn't care, anyway, seeing that nasty neighbor aunt shut up, she was much more comfortable.

She gave Andrew a serious look, did not speak, and pushed Logan back home.

“My mother, did she believe it?”

Emma asked quietly.

“Is it important?” From

afar, he saw the aggressive look of the neighbor’s aunt, naturally he would not be polite, and wanted to help cynthia get his face back.

Her mother-in-law, too, cannot let anyone bully.

Andrew said, “Let’s go home and eat.”

cynthia’s cooking is very good, at least Andrew thinks so.

He has traveled all over the world and has eaten all kinds of mountain and seafood flavors. He has eaten millions of meals in one meal, but he has never eaten homemade food.

Seeing Andrew like a reincarnation of evil spirits, the wind is rolling, and Mei Mei’s eyebrows can’t help but jump up. He secretly secretly said that the dishes he made are really delicious.

“Andrew, I’m asking you a question.” For a

long time, Loganzhi and Wuwu said, “You bought that car?”

He couldn’t believe it, nearly half a million!

“Well, it’s just a car, no fuss,” Andrew didn’t

raise his head . “When Dad your legs and feet recover, I’ll buy you another one.” His words suddenly made the whole house quiet. .

Andrew raised his head, and saw Logan’s face, a trace of helplessness and desolation flashed, and cynthia’s eyes were red, even Emma really sighed, full of sadness.

“My legs...” Logan shook his head bitterly.

Where there is still a chance to recover, he is a waste person now, for a lifetime.

“I know a doctor who is a top expert in this respect, and he should have a way.”

Andrew said another sentence, causing Logan to raise his head violently.

Immediately, he reacted again, a homeless man in Andrew, who can meet, this guy looks pretty honest, is bragging.

“Really?”

Emma really asked.

She knew that Andrew was not an ordinary person. Although she only knew each other for two days, Andrew did not hide everything from her, and at least showed her strength.

“Of course, he is busy in foreign countries now. When he is busy, I let him come to Fingol City.” Andrew said casually.

“Really, really?” Logan eagerly said.

Andrew nodded: “Relax.”

www.onlinefreenovels.com

Logan was suddenly agitated, and cynthia Mei patted his hand gently before he calmed down.

Can my son-in-law just come to believe it?

After dinner, Logan returned to the house. Emma went to the room to prepare the materials for the afternoon, while Andrew sat on the living room sofa and watched TV.

“Andrew, you come here.”

cynthia called him.

Andrew walked to the kitchen and saw cynthia holding a knife in his hand. His face was calm and he had a faint smile.

“Mom, are you looking for me?”

cynthia didn't care what Andrew called herself.

She stared at Andrew, seriously said: "?! What kind of people approaching you in the end the rain really have any purpose if you want to hurt her, I am dead, will fight with you,"

Koh is not stupid, Andrew manifested, simply Unlike a homeless man, it is not like the impression that the son-in-law is like a waste of waste.

On the contrary, Andrew is very strong, even domineering! Nowadays, I bought a hundreds of thousands of cars at will. Will this be a tramp?

"Mom, I can assure you that I don't have any malice towards Emma, as well as Mom and Dad."

Andrew calmly said, "I came to Emma and just wanted to protect her from being bullied by others."

cynthia stared at Andrew and didn't speak for a long time.

"Why?" She asked for a long time.

"She saved my life."

Andrew took a deep breath and thought back to fifteen years ago. "Some things I can't tell you now, but please believe me, the time is ripe, you will know everything. "

Creak-

the door of the house opened, and cynthia quickly put away the knife, lowering his voice and said: "I believe you for the time being, but you are not allowed to touch theEmma, you can't destroy her!"

Andrew nodded.

"Is the information ready?"

Andrew walked out of the kitchen. "Come on, I'll take you to the company." As

he said, he pushed Emma out and drove her to the Matthew Group.

At that time.

Matthew's Group, Office of the President.

"Are you sure?"

Stuart asked coldly.

"Check it out." Oliver sneered and spent half a million dollars to get the answer from Daniel's men.

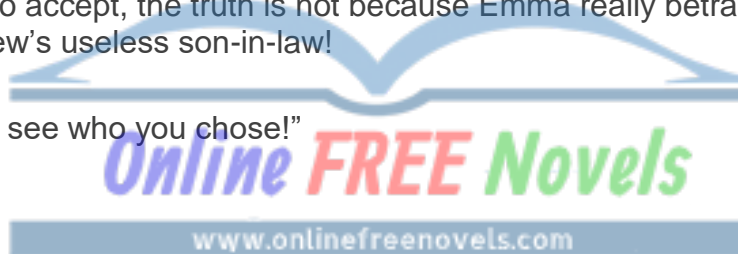

"Daniel was a tramp before he was born. He nearly starved to death. Andrew split his half of the bun and saved his life. The two lived under the bridge together. It was a bit of friendship. Daniel was just returning him. It's just humane."

He was not reconciled.

It is also difficult to accept, the truth is not because Emma really betrayed his body, but because of Andrew's useless son-in-law!

"I didn't expect to see who you chose!"

Stuart scolded.

The candidate for Andrew was also chosen by Oliver. He deliberately chose a homeless man with mental illness.

Why did you think that Andrew had such a relationship with Daniel?

"Dad, you can rest assured, people like Daniel, after he was born, even his own brothers were able to fight. The love of a homeless man in Andrew, he's gone!"

Oliver said fiercely, "Emma they are this After the relationship is used up, who else can help them?"

Stuart's eyes shrank. Daniel was too familiar with him. He was cruel in his back, but he had to be good-looking in his face, and he also returned this period of time, But it would make him more famous.

But that's all.

Andrew, they have humiliated themselves, but now they have to double back!

“Is it all arranged on the factory site?”

“Arranged!” Oliver sneered. “Emma, she will definitely regret it and continue to take over this project!”

## Chapter 15 there is only one big brother!

Daniel’s Group Building, the top floor!

Daniel stood in front of the window and called Carter, but he dared not sit.

“Brother Fei, things are done.”

Daniel respectfully said, “What else do you have to tell me?”

“Next, you can just follow my elder brother’s orders, and I will go to the South Estopia when I am busy,”

Daniel thought . Shocked, Carter is coming?

“Daniel, what do you think I helped you position on the East Sea?”

Jackson asked lightly.

Daniel suddenly understood that it was because of Andrew!

Andrew is coming to Fingol City, so it needs to be arranged here in advance, and someone needs to do something for him!

Five years ago, was Andrew ready to come?

“You are a smart person, and I don’t need more reminders,”

Jackson

said . ” Hold well. Brother will not treat you badly.” After that, the phone hung up.

Daniel took a few deep breaths and did not calm himself.

He knew how terrifying Jackson was, so he was even more in awe of Andrew. What kind of character was that?

After listening to Jackson's words, Daniel realized that his opportunity came, and the meaning of his existence was to work for Andrew. Everything he had prepared for the past few years could be started.

"Knock Knock."

The door of the office rang and his men walked in quickly.

"Brother."

"Call me President Daniel in the future!" Daniel

Yuming immediately frowned and said solemnly, "From now on, there will be only one big brother in Fingol!"

"Yes, President Daniel, you have told you to release the news. "

Daniel narrowed his eyes: "Is the father and son of the Matthew Family?"

"Oliver gave me half a million. I want to know that President Daniel really has a relationship with Emma. I said it because you and Andrew had been suffering together. This time it was

Return to humanity ." Daniel nodded: "I know."

He wants to really suffer with Andrew, that is definitely the most precious wealth in his life!

It is a pity that he knew he was not qualified.

"Matthew's father and son, it's better to be honest, otherwise, brother will not care about these small fish and shrimp, but I Daniel, can not let them disturb the brother's mood!"

Daniel immediately ordered, "If anything, please tell me! "

Yes!"

He faintly felt that in Fingol City, when the dragon entered the shallow sea, a storm was about to start.

...

Andrew drove and took Emma toward the factory building of the new project.

For this project, the Matthew Family invested a lot, and already leased a piece of land in the suburbs for the construction of a new project.

“What did my mom tell you?”

Emma really asked.

She couldn't help being surprised to see that Andrew could chat with cynthia.

She knows that cynthia, her mother is very strong, even if she has suffered a lot of wrongs for so many years, but she always bears it.

But this time, Matthew forced himself to find a husband at home, but cynthia really couldn't accept it.

“She said I did well.”

Andrew said, “Encourage me to continue my efforts. If she is satisfied, you will really marry you.”

“Don't talk nonsense.”

Emma blushed before she didn't believe it.

I have only known people for a few days. What would cynthia say?

“Well, don't talk nonsense.”

Andrew turned his head and looked at Emma. “Your mother is warning me that if you hurt you, she will desperately follow me.”

This is like what her mother said.

“Andrew, although I don’t know why you came to me, I know that you won’t hurt me.”

Emma took a deep breath. “Thank you.”

Andrew didn’t speak.

The person who says thank you should actually be him.

In the distance, a group of people gathered at the gate of the factory building site and stopped at the gate, which was extremely noisy.

Andrew stopped the car, and Emma immediately ran over.

“What are you doing?” The person in charge was worried.

The project has just been signed and is about to start. The plant must be built quickly. How can these people make trouble?

“What?”

, Led by a man, Liuliliuqi, still holding the stick, “the land is ours, how can you build this plant?”

“Get out of here quickly, or I even you Fight!”

“You bullshit, we have already rented this land, and all the contracts have been signed. When will it be yours?”

Emma was really angry.

She talked about the contract, she knew it very well.

“Your contract is invalid!”

The man headed sneered. “Anyway, I won’t allow you to start work. Laozi is here. Cement and sand. Don’t want to enter anything!”

“You are too much!”

Emma turned his head straight The project leader said, “Alarm!”

“Alarm?”

When the headed man heard it, his face sank, “Dare you fu\*king dare to call the police? Brothers, smashed their factory building!” As

he said, he started directly, waved his stick, and smashed towards Emma. ruthless!

Emma’s face suddenly became pale, and he forgot to hide.

When you think of it, this group of people is so crazy that you can do it when you say it.

“Bang!”

Suddenly, a muffled noise came, and immediately a scream.

Emma opened his eyes, and Andrew was already standing in front of her, kicking the bastard away with one foot, lying on the ground and unable to move.

“Does my wife dare to fight?”

Andrew glanced around, “Give you ten seconds, get away!”

“Ah...” The gangster felt that at least five or six of his bones were broken, shouting in pain, “Call me Die him!”

Immediately, dozens of gangsters rushed to Andrew at the cynthiae time!

“Andrew be careful!”

Emma was so shocked that he didn’t expect this to happen.

But next, her words were stunned before she could speak urgently.

“Bang!”

“Bang!”

“Bang!”

Andrew’s movements dazzled fast!

But in ten seconds, more than a dozen bastards were lying on the ground, either breaking their hands or breaking their feet!

Screaming, heartbreaking!

Several project leaders were so scared that they turned pale!

It's terrible!

Andrew walked up to the head of the bastard, stepped on his chest, and looked down from the top: "Who made you come?"

"You... you dare to move my fourth boss..."

the fourth senior pained and gritted his teeth, "My elder brother will not let you go!"

"You have no chance."

Andrew never asked the second time. With a violent effort under his feet, he screamed immediately and passed out.

The gangsters around are so scared that they will burst!

What a monster is this!

How could it be so scary?

There were even a few people whose crotches were wet and trembling with fright.

Andrew did not look at them again, and directly led Emma, who was also stunned, into the factory building site.

"Miss Emma, do you want to call the police?" The

person in charge of the project slipped.

"No, don't worry about these comrades,"

Andrew said, turning around and starting the countdown. "Ten, nine, eight..."

He only counted to seven, one by one. The soul is not attached to the body, struggling to climb and have to crawl away.

“Run! Run!”

“Demon! He is a demon!”

“Take me a hand and let me escape!”

If they didn't disappear within ten seconds, they had no doubt that this man would really make them thorough disappear!
